ALTUS PROPERTY VENTURES, INC.
(Formerly Altus San Nicolas Corp.)
2nd Quarter CY 2021 PERFORMANCE

I. Operations

The Company generated revenues of ₱58.22 million for the six months ended June 30, 2021, an increase of 8% from ₱53.98 million the same period last year due to the rebound of operations from the temporary closure of the mall as a result of quarantine restrictions implemented in the same period last year.

The Company continues to be laser-focused on maintaining operational efficiency with costs of rental services declining by 54% to ₱6.11 million, and general and administrative expenses by 25% to ₱16.57 million. The decline in cost of rental services was mainly due to the adjustment in depreciation resulting from the change in the estimated useful lives of buildings and building improvements from 10-20 years to 20-40 years. The revision in useful life was made in order for the depreciation expense to be more representative of the pattern of usage of the assets in line with peers. The decrease in general and administrative expenses was mainly attributable to lower level of professional, management and consultancy fees, advertising expense and taxes and licenses. Earnings before interest and taxes (EBIT) which registered at ₱32.80 million grew by 73% from ₱18.92 million in the previous year.

II. Financial Resources and Liquidity

APVI's financial position remains solid with total assets ending at ₱735.50 million and total equity at ₱633.36 million as of June 30, 2021.

As of December 31, 2020, total assets ended at ₱703.65 million while total equity finished at ₱606.83 million.

Cash registered at ₱248.05 million as of June 30, 2021 increasing by 13% from December 31, 2020 mainly due to net cash generated from operations in the first half of the year. Other current assets decreased by 41% to ₱5.97 million due to the application of creditable withholding tax as tax credits against the Company's income tax payments.

Accounts payable and accrued expenses amounting to ₱60.69 million as of June 30, 2021 increased by 6% from December 31, 2020 while pension liabilities increased by 9% due to additional provision for retirement expense during the period. Deferred tax liabilities-net amounting to ₱1.45 million as of June 30, 2021 decreased by 28% from December 31, 2020 as a result of the impact on income tax of the enactment of the relevant provisions of CREATE Act.

Current ratio ended at 4.76:1 from last year end's 4.57:1.

Earnings per share for the first half of the year posted to ₱0.27 per share while as of December 31, 2020 was at ₱0.22 per share.

Book value stood at ₱6.33 per share as of June 30, 2021 compared to ₱6.07 per share as of December 31, 2020.

NOTES TO UNAUDITED INTERIM FINANCIAL STATEMENTS

1. Corporate Information

Altus Property Ventures, Inc. (formerly Altus San Nicolas Corp.) (the Company or APVI) is a stock corporation incorporated and registered with the Philippine Securities and Exchange Commission (the SEC). It was incorporated on March 28, 2007 as a real estate company with an initial authorized capital stock of 40,000,000 Common Shares at a par value of ₱1.00 per share. The Company's primary purpose is to engage in the business of selling, acquiring, building, constructing, developing, leasing and disposing of real estate properties and property development of all kinds and nature.

Prior to December 20, 2019, the Company was a wholly-owned subsidiary of Robinsons Land Corporation (RLC or the Former Parent Company) and an indirect subsidiary of J.G. Summit Holdings, Inc. (JGSHI or the Parent Company) through RLC. On December 20, 2019, the Company became a direct subsidiary of JGSHI by virtue of the property dividend distribution by RLC to its stockholder as of record date.

RLC is primarily engaged in the business of selling, acquiring, developing, operating, leasing and disposing of real properties such as land, buildings, lifestyle centers, commercial centers and housing projects, hotels and other variants and mixed-used property projects. JGSHI is one of the country's largest conglomerates, with diverse interests in branded consumer foods, agro-industrial and commodity food products, petrochemicals, air transportation, real estate and financial services. Both the Parent Company and RLC are publicly listed in the Philippine Stock Exchange (PSE).

The registered office and principal place of business of the Company is located at Brgy. 1 San Francisco, San Nicolas, Ilocos Norte. RLC's registered office is located at Level 2, Galleria Corporate Center, EDSA corner Ortigas Avenue, Quezon City, Metro Manila. The Parent Company's registered office is located at 43rd Floor, Robinsons-Equitable Tower, ADB Avenue corner Poveda Road, Pasig City.

On July 8, 2019, the Board of Directors (BOD) and stockholders of the Company approved the change in corporate name to Altus Property Ventures, Inc. The application for the change in name was approved by the SEC and the Bureau of Internal Revenue (BIR) on September 3, 2019 and October 8, 2019, respectively.

On July 31, 2019, the BOD of RLC approved the declaration of the Company's shares as property dividend to RLC common shareholders (the "Property Dividend") which, following the approval of the SEC of the property dividend declaration on November 15, 2019, resulted in the distribution on December 20, 2019 to RLC common shareholders of one APVI common share for approximately every fifty-one and 9384/10000 (51.9384) RLC common shares owned and registered in the name of the RLC common shareholders as of August 15, 2019.

On September 19, 2019, the Company filed a registration statement covering its 100,000,000 common shares. The common shares subject of the registration statement are covered by (i) the application for the approval of the Property Dividend, which was later approved by the SEC on November 15, 2019, and (ii) the application for the SEC registration and the listing by way of introduction of the common shares filed by the Company with the SEC and the PSE, respectively.

On April 29, 2020, PSE has approved the listing of the Company. On June 26, 2020, the Company underwent listing by way of introduction of 100,000,000 common shares on the Small, Medium, and

Emerging (SME) Board of the Philippine Stock Exchange, which represents 100% of the issued and outstanding common shares of the Company, with an initial listing price of P10.10 per share.

Impact of COVID-19 Pandemic on Company's Business

The COVID-19 pandemic started to become widespread in the Philippines in early March 2020. The measures taken by the government to contain the virus have affected economic conditions and the Company's business operations. The Company is cognizant of COVID-19's potential material impact on its financial performance, the execution of its plans and strategies, and its customers and employees should the situation persist in the longer-term.

With public health and safety in mind and in full cooperation with the government, APVI temporarily closed Robinsons Place Ilocos mall in 2020 except areas of the mall that are being occupied by tenants providing essential services such as the supermarkets, banks and pharmacies. Although the Company waived rental for non-operational tenants during the enhanced community quarantine (ECQ) period, it was still able to collect rent from the aforementioned operational tenants, keeping the Company afloat. In addition to complying with the guidelines, rules and regulations that the Philippine government has laid out, the Company has rolled out robust plans to ascertain business continuity and have taken immediate actions to ensure that Company's services remain available to its customers. The Company did not incur significant capital expenditures during the year, and also did not declare dividends. Skeleton workforces have been deployed and contingency measures such as flexible personnel resourcing and off-site working facilities have been employed.

APVI has implemented appropriate and enhanced measures in an effort to contain the spread of the virus within its properties and workplace. To ensure adequate social distancing, mall operating hours have been adjusted for operational stores, social distancing floor markers have been strategically placed and entry of customers is closely monitored. Infrared non-contact thermal scanners are being used and hand sanitizers and foot baths have been installed in all the entry points of the mall. All its front liners are required to conduct frequent handwashing, wear protective masks or gear, and implement effective cleaning procedures in all its properties. Moreover, sanitation teams have been reinforced to carry out deep disinfection procedures especially in high-touch areas such as elevators and escalators, food courts, mall directory, etc. In the workplace, corporate policies have been established to use digital or online platforms for corporate communications and virtual meetings in order to limit physical contact. Decentralized and/or remote working arrangements for the Company's employees have also been instituted.

APVI's main focus is to ensure a safe environment for its customers and employees in order to rebuild workplace and business confidence. As of the date of this report, the mall has already been reopened.

As APVI actively monitors developments and assess the impact of the foregoing in its operations and financial performance, the Company remains confident that it will continue to deliver a solid financial performance given the aforementioned mitigation efforts it has adopted as well as due to its solid financial position, prudent capital base and manageable debt levels.

2. Summary of Significant Accounting Policies

The significant accounting policies applied in the preparation of these interim condensed financial statements are summarized in the succeeding pages. These policies have been consistently applied to all periods presented, unless otherwise stated.

2.1 Basis of Preparation of Interim Condensed Financial Statements

These interim condensed financial statements as at and for the six months ended June 30, 2021 (with comparative figures as at December 31, 2020 and for the six months ended June 30, 2020) have been prepared in accordance with Philippine Accounting Standards (PAS) 34, *Interim Financial Reporting*. They do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the audited financial statements of the Company as at and for the year ended December 31, 2020.

The preparation of interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Although these estimates are based on management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

These interim condensed financial statements are presented in Philippine Pesos (P), the functional and presentation currency of the Company, and all values represent absolute amounts except when otherwise stated.

2.2 Adoption of New and Amended PFRS

The Company has adopted new accounting pronouncements which are mandatorily effective for annual periods beginning on or after January 1, 2021, however, except for PFRS 16, *Leases*, these amendments, interpretations and annual improvements to standards do not have a significant impact on the Company's interim condensed financial statements, and the Company did not have to change its accounting policies or make retrospective adjustments as a result of adopting these pronouncements.

PFRS 16 replaces PAS 17, *Leases*, and related interpretations IFRIC 4, *Determining Whether an Arrangement Contains a Lease*, Standing Interpretations Committee (SIC) 5, *Operating Lease - Incentives* and SIC 27, *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*. For lessors, lease accounting is similar to PAS 17's approach. In particular, the distinction between finance and operating leases is retained. The definitions of each type of lease, and the supporting indicators of a finance lease, are substantially similar to PAS 17. The basic accounting mechanics are also similar, but with some different or more explicit guidance in few areas. These include variable payments, sub-leases, lease modifications, the treatment of initial direct costs and lessor disclosures.

The Company's adoption of PFRS 16 has not resulted in changes in its accounting policies with respect to leases and did not result into any adjustments to the amounts recognized in the Company's unaudited interim financial statements. The Company, as a lessor, continues to classify its leases as either operating or finance leases. Rental income is recognized on a straight-line basis over the term of the lease. The new standard has been applied using the modified retrospective approach; thus, for contracts in place at the date of initial application, the Company has elected to apply the definition of a lease from PAS 17 and IFRIC 4 and has not applied PFRS 16 to arrangements that were previously not identified as lease under PAS 17 and IFRIC 4.

3. Significant Accounting Judgments, Estimates and Assumptions

In preparing the interim condensed financial statements, management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgments, estimates and assumptions

made by management, and will seldom equal the estimated results. The judgments, estimates and assumptions applied in the interim condensed financial statements, including the key sources of estimation uncertainty, were the same as those applied in the Company's last annual financial statements as of and for the year ended December 31, 2020.

4. Cash and Cash Equivalents

	June 30, 2021	December 31, 2020
Cash on hand and in banks	₱46,737,022	₱4,528,299
Short-term investments	201,316,799	214,433,765
	₱248,053,821	₱218,962,064

Cash in banks earn annual interest at the respective bank deposit rates. Interest income earned from cash in banks and short-term investments and recorded as part of Other Income (Expenses) in the interim statements of comprehensive income amounted to ₱0.31 million and ₱0.88 million for the six months ended June 30, 2021 and 2020, respectively.

5. Receivables

	June 30, 2021	December 31, 2020
Receivable from sale of assets (Note 13)	₱144,172,250	₱149,985,430
Trade	31,424,336	17,076,917
Accrued rent receivable	212,153	947,515
Others	714,265	580,332
	₱176,523,004	₱168,590,194

Receivable from sale of assets pertains to unpaid portion of the total consideration from the sale of the Company's assets in 2016 to RLC.

Trade receivables pertain to rent receivables which are non-interest bearing and are generally payable within thirty days.

Accrued rent receivable represents the portion of the lease as a consequence of recognizing income on a straight-line basis to comply with PFRS 16.

Others include receivable from insurance company and from officers and employees.

All trade receivables are subject to credit risks exposure. However, the Company does not identify specific concentrations of credit risk with regard to trade receivables as the amounts recognized resemble a larger number of receivables from various customers with strong financial condition. Most trade receivables are covered by security deposits or advance rental payment.

6. Other Current Assets

	June 30, 2021	December 31, 2020
Creditable withholding tax	₱1,269,438	₱4,594,834

Taxes and licenses payable	266,131	250,410
	₱60,689,630	₱57,411,004

Accounts payable mainly includes unpaid billings from suppliers and contractors, including retention payable.

Accrued contracted services, accrued utilities expense and taxes and licenses payable are normally settled within one year. Accrued contracted services pertain to housekeeping, security and engineering services that are yet to be billed by the contractors.

10. Deposits and Other Liabilities

	June 30, 2021	December 31, 2020
Deposits from lessees	₱33,567,735	₱32,963,569
Others	4,765,358	2,889,895
	38,333,093	35,853,464
Current portion of deposits from lessees	(29,848,206)	(29,550,900)
	₱8,484,887	₱6,302,564

Deposits from lessees represent cash received from tenants representing three to six months of rent which shall be refunded to tenants at the end of lease term. These are initially recorded at fair value, which is obtained by discounting its future cash flows using the applicable rates of similar type of instruments at the date of receipt of deposits.

Others include accruals for goods purchased and/or services received which are yet to be billed by the suppliers as of period end.

11. Equity

11.1 Capital Stock

The Company's outstanding receivables from and payables to related parties arising from the above transactions are payable or collectible on demand, unsecured and noninterest-bearing. Such receivables were deemed not impaired by the management.

14. Commitments and Contingencies

Operating lease commitments - Company as lessor

The Company is a lessor under non-cancellable operating lease agreements covering investment properties. The leases have a term of at least one year with renewal options upon mutual written agreement between the parties, and include annual escalation in rental rates. The total rentals from these operating leases amounted to ₱41.00 million and ₱41.93 million for the six months ended June 30, 2021 and 2020, respectively, and is presented as part of Revenues in the interim condensed statements of comprehensive income.

There are other commitments and contingent liabilities that may arise in the normal course of the Company's operations that are not reflected in the interim condensed financial statements. Management is of the opinion that losses, if any, from these items will not have a material effect on the Company's interim condensed financial statements.

15. Income Taxes

Corporate Recovery and Tax Incentives for Enterprises" or "CREATE" Act

On February 1, 2021, the Bicameral Conference Committee, under the 18th Congress of the Philippines, approved the reconciled version of the House Bill No. 4157 and Senate Bill No.1357 (the CREATE bill). The CREATE bill seeks to reform corporate income taxes and incentives in the country by implementing certain changes to the current tax regulations. These changes include:

- Reduction in the RCIT from 30% to 20% for domestic corporations with net taxable income not exceeding 5.0 million and with total assets not exceeding 100.0 million excluding the value of land on which the particular business entity's office, plant and equipment are situated;
- Reduction in the RCIT from 30% to 25% for all other corporations;
- Lowering of MCIT from 2% to 1% of gross income for 3 years;
- Instead of 10% of taxable income, application of RCIT on regional operating headquarters;
- Standardization of final taxes on foreign corporations to 15%;
- Exemption of foreign sourced dividends received by domestic corporations subject to certain conditions;
- Additional deduction of one-half (1/2) of the value of labor training expenses subject to certain conditions;
- Repeal of the 10% improperly accumulated earnings tax (IAET);
- VAT exemption for medicines for certain critical illnesses; and
- VAT-free importation and sale for 3 years of COVID-19 medicines, personal protective equipment and materials used for their production.

Under the bill, the above changes will be implemented for periods beginning July 1, 2020.

On February 24, 2021, the final version of the CREATE bill as passed by the Bicameral Conference Committee was transmitted to the Office of the President for signing or approval into law. On March 26, 2021, the Office of the President approved the CREATE bill and will subsequently be called Republic Act No. 11534 or CREATE Act. The CREATE Act became effective 15 days after complete publication in the Official Gazette or any newspaper of general circulation in the Philippines.

The CREATE Act reduced the Company's net deferred tax liabilities recognized as of 2020 year-end by ₱338,225, which was charged to profit or loss for the period ended June 30, 2021.

16. Categories and Fair Values of Financial Assets and Financial Liabilities

15.1 Carrying Amounts and Fair Values by Category

The fair values of cash and cash equivalents, receivables, due from affiliates, utility deposits under other current assets and deposits and other liabilities, accounts payable and accrued expenses (excluding taxes and licenses payable) and due to affiliates are approximately equal to their carrying amounts as of the reporting date due to the short-term nature of the transactions.

The fair value of deposits and other liabilities amounting to ₱32.20 million and ₱31.67 million as of June 30, 2021 and December 31, 2020, respectively, are based on the discounted value of future cash flows using the applicable rates for similar types of financial liabilities. The discount rates used range from 2.02% to 6.99% for the periods ended June 30, 2021 and December 31, 2020.

15.2 Fair Value Hierarchy

In accordance with PFRS 13, Fair Value Measurement, the fair value of financial assets and financial liabilities and non-financial assets which are measured at fair value on a recurring or non-recurring basis and those assets and liabilities not measured at fair value but for which fair value is disclosed in accordance with other relevant PFRS, are categorized into three levels based on the significance of inputs used to measure the fair value. The fair value hierarchy has the following levels:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity can access at the measurement date;

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and,

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

For purposes of determining the market value at Level 1, a market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

For investments which do not have quoted market price, the fair value is determined by using generally accepted pricing models and valuation techniques or by reference to the current market of another instrument which is substantially the same after taking into account the related credit risk of counterparties, or is calculated based on the expected cash flows of the underlying net asset base of the instrument.

When the Company uses valuation technique, it maximizes the use of observable market data where it is available and relies as little as possible on entity specific estimates. If all significant inputs required to determine the fair value of an instrument is observable, the instrument is included in Level 2. Otherwise, it is included in Level 3.

The Company has no financial assets or financial liabilities measured at fair value as of June 30, 2021 and December 31, 2020.
